

Odyssey of the Mind

"Odyssey of the Mind sparks creativity and teamwork as students solve unique problems through imaginative solutions and dynamic performances."

PROBLEM SYNOPSIS 2024-25

Pick a challenge, unleash your creativity, and become the hero who turns problems into breakthroughs!

**Problem 1
Vehicle**

Design off-road vehicles to tackle obstacles and visit quirky destinations in a race narrated by a host.

1

**Problem 2
Technical**

Invent a cheerful robotic animal that performs tricks to make people happy, goes missing, and is found in a surprising spot, all while featuring live music, a toy, and a trainer explaining the fun tricks.

2

**Problem 3
Classics**

Create a fun show with a chef inspired by a classic book, cook a meal, invent a new cooking tool, and host a dinner party featuring a scene and character from the story.

3

**Problem 4
Structure**

Create a playful rescue show with a character finding homes for balsa wood and glue animals, testing their safety, giving one a check-up & featuring a funny vet.

4

**Problem 5
Performance**

Create a fun show in a fictional ancient world with original constellation stories, a goofy astronomer in a cool costume, and a shooting star with amazing lights!
